

NATION-WIDE MOVE AGAINST ALLIES' LOAN

PRO-GERMAN CAMPAIGN THREAT-
ENED AGAINST PARTICIPATING
BANKS.

GERMANY WOULD BORROW TOO

One Plan Is To Get \$500,000,000 To
Render Allies' Task An
Impossibility.

(Associated Press)
Washington, Sept. 15.—Protests
against the proposed Anglo-French
loan have been received at the White
House in telegrams from all parts of
the country. One man in Michigan
wired that runs would be started on
all the banks participating in the loan
and panics would be precipitated as a
result.

No Organized Opposition.
There are no indications of any or-
ganized opposition, however, appar-
ent in Washington. No protest from
the German government has been re-
ceived in Washington and it is said
here that Germany has no present in-
tention of interfering.

(Associated Press)
New York, Sept. 15.—The Anglo-
French commissioners, who are in
the country in an effort to float a
\$1,000,000,000 loan, heard today that
German agents are instituting a coun-
trywide campaign against the float-
ation of the proposed loan.

According to reliable information
which they have received, wholesale
withdrawal of deposits from banks
participating in the loan is con-
templated as an expression of displea-
ure on the part of pro-German depos-
itors.

Many Float German Loan.
Another method considered was
the flotation of a loan of half a billion
for Germany. Because it is impossi-
ble to import ammunition and prod-
ucts Germany could spend the money
here, but tying up half a billion, it
is understood, would make the suc-
cess of the allies' project almost im-
possible.

Banks Are Threatened.
A flood of protests against any loan
to the allies, some of which are ac-
companied by veiled threats, have
been received by a number of New
York banks. The Anglo-French com-
missioners have also received many
letters, many of which are very in-
sulting.

More than fifty letters, some of
which even threaten the lives of the
commissioners, have been received
and they have doubled their body-
guard. They have been requested by
the police not to announce their plans
for any day, and they travel unaccom-
panied by any other commissioner.

Washington, Sept. 15.—It may be
stated upon authority that the Wash-
ington government will not attempt
to discourage the placing of the huge
loan desired by the allied financiers
now in New York provided the loan
sought is in the nature of an arrange-
ment for credits. There are no in-
dications at this time that the con-
templated loan is anything more than a
credit loan, so this disclosure of the
government's attitude is regarded as
sufficient to put at rest reports which
had arisen to the effect that the plans
of the bankers might meet with op-
position at Washington.

tails of the loan by which the Anglo-

tickets to be good only between the
hours of 6 and 8:30 a. m. and 4:30
and 6:30 p. m.

BOARD APPEALS TO PEOPLE TO ASSIST

LIVESTOCK COMMISSIONERS ASK
HELP IN FIGHTING THE
CATTLE DISEASE.

THIRD MAYTOWN HERD KILLED

(Associated Press)
Chicago, Sept. 15.—The foot and
mouth disease situation in Illinois is
considered so serious that a signed
appeal to the people to co-operate in
stamping out the plague was issued
today by the Illinois board of Live-
stock Commissioners.

Iowa Will Act.

Des Moines, Sept. 15.—Final action
by the state of Iowa is expected today
toward prohibiting the shipment into
Iowa from Illinois of livestock, hay,
straw, cholera serum, raw milk or
cream as a protection against the foot
and mouth disease. Iowa is declared
free of the disease.

Third Herd Is Killed.

Amboy, Sept. 15.—The hogs and
cattle on the Hugh McBride farm in
May township, which were found to
be infected with the foot and mouth
disease—the third herd in that town-
ship afflicted—were destroyed Tues-
day afternoon and buried. Eleven
head of cattle and 23 hogs were
killed.

SHEEP KILLING DOGS ARE AT WORK NOW

FI E YOUNG SHEEP KILLED AT
HAZELWOOD—OWNERS
ARE WARNED.

Sheep killing dogs began their
deadly work early this season. E. H.
Brewster, of the Hazelwood farm, lost
one of his fine young sheep Tuesday
through the work of dogs. The tenant
of the farm was absent when the kill-
ing took place but the fact that it
was the work of dogs was evident.
Owners of dogs should see that they
are not left to roam abroad.

was the cause of a most brutal fight,
participated in by Charles and Louis
Kincaid of Freeport, as a result of
which Charles Kincaid, 44 years old,
is in a desperate condition at St. Fran-
cis hospital, suffering from fifty or
more knife stabs, while Louis Kin-
caid, 41 years of age, is confined in
the county jail awaiting developments
in the case.

FARMERS PAID FOR AUGUST MILK

Dixon Milk Factory Paid Out \$30,000

Today was payday for the farmers
at the Borden milk factory in this city
and it was announced at the plant
this afternoon that \$30,000 had been
paid out for milk delivered to the lo-
cal institution during the month of
August.

SECTION OF WALL FELL OUT

Small Accident At Joe Miller's Gar-
age Caused By Excavation

A section of the west wall at the
rear of Joe Miller's garage on E.
First street, fell out this morning at
about 8 o'clock when workmen who
are excavating for the foundations
of the Wilson garage undermined it.
Fortunately the section which gave
way was not large and workmen
were able to erect temporary sup-
ports for the roof.

impracticability and impossibility of
sending Japanese troops to Europe to
assist the allies, expressed the opin-
ion that it would be difficult for
the Japanese to fight as wholeheartedly
as they would for their own country.

Order American Coal.

Two million tons of American coal,
to be laid down in Paris at \$15 a ton,
have been ordered by a French com-
pany.

Insufficient Evidence.

Commenting on Berlin's disclaimer
that the Hesperian was torpedoed the
state department today said that in-
sufficient evidence had been received
upon which to base any representa-
tions to Germany at this time.

"Germans Shot Bolt."

Lord Kitchener said today: "The
Germans appear to have shot their
bolt. The advance in Russia at one
time was five miles a day, now it is
one mile."

ROBINSON HEARING BEFORE JURY

Restaurant Man Charged With Oper-
ating Gambling Devices.

The hearing on the charge against
G. L. Robinson, proprietor of the
First street restaurant, of having a
punch board and other chance ma-
chines in his place of business, was
called this morning before Justice A.
H. Hanneken. Attorneys Martin Gan-
non and H. A. Brooks represented the
defendant while Attorney Mark Kel-
ler looked after the prosecution. A
trial by jury was asked for and after
its selection several witnesses were
examined. After the noon recess the
final arguments were made.

The jury was out but a short time
finding him guilty of the charge and
a fine of \$25 and costs was assessed.

TROOPS RUSHED TO PROTECT BORDER CITY

SAN BENITO IS THREATENED BY
MEXICAN BANDITS DURING
THE NIGHT.

CANNON TRAIN ON MATAMOROS

(Associated Press)
CONSULS WITHDRAWN
Washington, Sept. 15.—The
United States consuls and con-
sular agents in northern Sonora
and Chihuahua have been order-
ed by the state department to
withdraw to the United States on
account of the dangers of the
border uprising.

San Benito, Tex., Sept. 15.—Heavy
cavalry and infantry patrols were
rushed to this city during the night to
keep off a threatened attack by Mexi-
can bandits.

Shot Into Town.

Laredo, Tex., Sept. 15.—Mexicans,
hidden in the brush on the Mexican
side of the border, last night fired 60
shots into the little town of Simon,
twenty miles up the river, and the re-
sidents fled. Cavalry was rushed to the
scene. All cavalry at Fort McIntosh
has been ordered out to patrol the
border.

U. S. Cannon Train on Matamoras.

Brownsville, Tex., Sept. 15.—Every
hour that passes increases the seri-
ousness of the situation on the Mexi-
can-American border. These were the
chief developments of the day.

Battery of American cannon was
ordered trained upon Matamoras, the
Mexican town across the Rio Grande
held by Carranza troops.

Bodies of two Mexicans were found
near Santa Maria, where Mexican and
American troops engaged in battle
yesterday.

Armed Mexicans invaded the La-
vaca ranch, twenty miles west of
Brownsville and owned by E. C. Tel-
ford, an American. They stole sev-
eral horses, six saddles and large
quantities of provisions.

RAIN PREVENTS RACES; FAIR ON SATURDAY TOO

PROGRAM OF SPEED EVENTS AT
AMBOY IS CONTINUED
ONE DAY.

GOOD CROWD ON HAND TODAY

Despite Threatening Weather Many
Visited Fair Grounds
During Day.

(Special to Telegraph)

Amboy, Sept. 15.—The heavy rains
of Tuesday afternoon and evening ren-
dered the track at the Lee county fair
grounds too heavy for the class of
races always conducted by the associ-
ation and accordingly at 11 o'clock it
was announced that the fair would be
continued over Saturday.

The races which had been sched-
uled for today—the 2:30 trot, 2:14
pace and green trot—will be held to-
morrow; the 2:15 trot, 2:20 pace and
2:30 pace, originally set for Thursday
will be held Friday, and Friday's
speed events, the 2:24 trot, free-for-
all pace and 2:19 trot, will be held on
Saturday.

Crowd Present Today.

Despite the threatening weather a
good crowd was present at the fair
today and spent an interesting time
viewing the exhibits and enjoying the
concessions and free attractions. The
Ashton band was on hand early and
furnished stirring music during the
entire day.

Tuesday's Races.

The rain Tuesday afternoon pre-
vented several of the races which had
been arranged for the children, and
also made it necessary to call the
pony race after the first heat. The
list of events which were held and the
winners:

Grape Festival

The Rock River Valley Horticultural Society will meet Thursday at Assembly park as the guests of Mrs. Harriet McKinstry at her cottage and hold its annual grape festival. A bountiful picnic dinner will be served out under the trees on long tables at the noon hour and as usual grapes, the raison d'être of the festival, will be much in evidence.

A program relating to the pioneers in the horticultural business in this vicinity, men of fifty years ago and more who planted the first orchards here, will be given. Clark Powell, pioneer horticulturist of Sterling, will be told of by Mrs. Charles Hey, secretary of the society; interesting stories of "Father" Schick of Jordan will be related by Austin Powers of Prairieville; and the life history of "Father" Pennington of Sterling, the planter of the first orchard near Sterling, will be sketched by LeRoy Galt of Sterling. Other interesting features on the program will be some old time songs by Mrs. Allian Read and a recitation, "Fifty Years Ago," by Mrs. Burnham.

Election of officers for the coming year will be called for by the president, Charles Lawton of Palmyra, and will take up a portion of the afternoon.

PILING NECESSARY AT BRIDGE

Co. Supt. Neighbour Inspected Clinton Bridge Tuesday P. M.

County Supervisor of Roads L. B. Neighbour drove to East Grove township yesterday to inspect work started on what is known as the Clinton bridge in the south end of the township. The ground is soft and it has been found necessary to drive piling for the concrete abutments to rest upon. Returning he came by way of West Brooklyn and Nachusa townships. The hard rains yesterday afternoon made the roads very muddy in places.

STERLING MEN HERE.

C. R. Hardy, president, and E. W. Aument, secretary of the Rock Falls Manufacturing Co. of Sterling visited Dixon today in a fine big ambulance and funeral coach, with which they are demonstrating their product in this territory.

ELGIN MILK PRICES.

(Associated Press)
 Elgin, Ill., Sept. 15.—Milk dealers of the Elgin district, which supplies Chicago, today contracted for milk deliveries during the next six months, \$1.75 and 1-3 per hundred pounds is the average price for 3.6 per cent butter fat milk. This is a slight reduction from last year's price.

GIVING AWAY CABINETS.

The Keyes, Ahrens, Ogden Co. of this city is giving away two Hoosier "White Beauty" kitchen cabinets to women who visit their exhibit at the Lee county fair this week, the drawing of the lucky numbers being conducted by Miss Leech, daughter of the secretary.

One cabinet will be given away Thursday and one on Saturday.

Miss Anna Todd will return this evening from Benton Harbor, Mich., where she has been visiting her sister, Mrs. Charles Johnson. She will be the guest of her aunt, Mrs. Emma P. Howell, of East Fellows street.

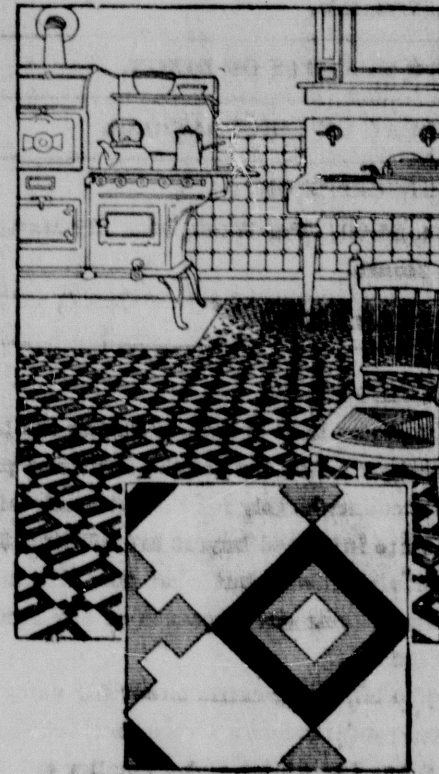

Constable John Drew of Harmon was here Tuesday.

Mr. and Mrs. Robert Spratt were here today from Taylor.

Al Fisher of the bend was in Dixon today.

Mrs. Ella Drew is visiting with her son, John Drew, of Harmon.

The Woman Who Does Her Own Housework

Should have a Cheerful Kitchen that can be kept clean without constant scrubbing—therefore—Linoleums—they will make the home "workshop" a room to be proud of indeed, clean bright colors and pleasing patterns are the result of care in selecting for our Fall Linoleum requirements.

KEYES AHRENS OGDEN Co.

OF COURSE!

Columbia, S. C., Sept. 15.—By a vote of two and one-half to one South Carolina voted for prohibition in the state wide election ordered by the last general assembly. The vote was not heavy, only about 60,000 votes being cast. Prohibition seems to have carried forty-two out of forty-four counties. In Dorchester the vote is close, while Charleston went against prohibition by a vote of ten to one.

German Submarine Takes Cargo.

Christiansand, Sept. 15.—(Via London).—A German submarine operating along the Norwegian coast seized the timber steamer Randolph Hansen from Arendal, Norway, for England, and took her to Germany as a prize. The same submarine set fire to the schooner Wansbeck.

WHAT THE SILO DOES.

One of the great losses Missouri farmers have sustained during the last few years has been the sacrifice of livestock on account of the failure of pastures, says the Missouri Farmer. This accounts largely for the extremely high price of calves and feeding cattle. We are informed buyers are offering \$30 to \$40 a head in some counties for weaning calves, but what does this matter to the thousands of farmers who sold their cows because of our recent drouth years and now have no calves for sale?

The wisest thing a man can do who is raising cattle either for dairy or for beef to protect himself against short pastures and a forced sacrifice of his cattle is to build not one silo but two, one for winter and a smaller one for summer. If the pasturage is good and the silage is not needed at once it may be kept over for another year like canned fruit in the pantry.

The silo promises a safe place to store corn when it is overtaken by frost when in the milk stage. The crop will then make a fairly good quality of silage if it is put into the silo at once.

The silo furnishes succulent, palatable food of uniform quality that is always near at hand.

The silo preserves the corn crop with the minimum amount of loss, as the entire plant is made fit for food.

The silo doubles the number of dairy or beef animals that can be kept on a farm.

The silo economizes space, time and building costs in providing storage room for the crop.

The silo equalizes the supply of feed by carrying a surplus over, in good condition, from one year to another.

The silo can be used for ensiling clover or alfalfa during a spell of wet weather, when it would be impossible to cure it for hay.

The silo furnishes the most economical, convenient feed for supplementing short pastures during a period of drouth.

OTHERS BELIEVE IN BOND ISSUE.

Stephenson county is also agitating a big county bond issue for the building of all her good roads at once. It is becoming the popular thing and men are beginning to see that the sensible thing for them to do is to get their road building all over at once and let this day and generation have some use of the good roads as well as the many who will follow. The idea is that the roads built now will cost less than they will ten or twenty years from now, and they will be paid for in the future, not only by the present property owners, but by future generations of tax-payers, which is just and equitable, for future generations will also use the roads and they will be just as good then as they will be when first built.

Lee county should, as the Telegraph has been declaring for some time, vote a big bond issue and build all necessary brick or concrete roads at once. We are glad to see that a good many people in the county are growing to believe that the plan is a good one. Enthusiasm is growing rapidly and with the co-operation of the Lee county board of supervisors, it may be possible to bring the proposition to a vote some time soon. We believe it would carry, for the voters of Lee county are progressive and up-to-date and they are rarely known to turn down a proposition that is for the public good.

Give the voters a chance, gentlemen of the Board of Supervisors, if they ask it.

BUSY DAYS AHEAD.

In keeping with the recent very favorable monthly reports issued by a number of railways comes the statement that the Pennsylvania railroad on its systems east and west of Pittsburgh has now every freight car in operation, says the Philadelphia Record. As its equipment now includes a portion of the large orders for cars placed last winter, this activity is especially significant. With the movement of the enormous grain crops, the greater demand for coal and the heavy export business now being handled, which constantly grows, all signs point to a car famine within a few weeks. This will be rather a novel experience for some of the roads, as it has been several years since all their equipment has been called into service.

There is promise of brilliant days ahead in the opinion of that not seldom pessimistic observer, James J. Hill, who has come out of the west with tidings of the largest grain crop in the history of the territory covered by the Great Northern. He estimates that the yield in the country served by the road will be between 175,000,000 and 180,000,000 bushels. This compares with 110,000,000 bushels last year, and 155,000,000 bushels in 1912, the previous high record year. This is typical of western grain conditions.

There are lots of narrow men, for such a wide world as this.

CURRENT COMMENT

Peoria Transcript: The Washington administration, it will be conceded, is justly subject to criticism for delay in strengthening the army and navy. It has shown lamentable weakness in dealing with Mexico. With the exception of Secretary of Secretary of War Garrison, the cabinet has been conspicuously weak and inefficient, but Mr. Roosevelt's intemperance here Tuesday in connection with the Mrs. Dattel Miller estate, is a blow below the belt unworthy not only of an ex-president, but of the humblest citizen of the United States.

Closing Out Sale....

of Merchandise I will Discontinue Handling:

Commencing today I will inaugurate a Closing Out Sale of all Calicos, Ginghams, Percales, Muslins, Shirting, Ticking, Silkoline, Cretonnes Challies, Cotton Dress Goods, Sweaters, Muslin Underwear, House Dresses and Wrappers, Lace Curtains, Dress Goods and Silks, Men's Union Suits and separate garments, Men's Sox, Bed Spreads, Blankets and many other lines not mentioned.

The above goods will be Closed Out—Slick and Clean. I am going to change from handling a general line of Dry Goods to "Specials" in Popular Selling Merchandise, including Millinery.

If you had your mind made up to buy your Fall and Winter supplies cheap—NOW is your opportunity. No one owns their goods at lower prices, and no one will make as low a selling price. It is to be a genuine closing out of the lines mentioned.

Danille Commercial News: Justice can only be meted out to the people of the United States with prosperity in full swing. The resources of this nation are so great, the workmanship of the people is so fine, and the average intelligence is so high that the people have every right to be prosperous.

Chicago Journal: Is there not some way in which these associated kaiser-boasters can be made to understand that disloyalty to the United States is not the safe and pleasant thing they seem to think?

Rockford Register-Gazette: The Sunday picture theatres have proved neither a damage nor a menace to anyone, but on the contrary have provided places where the best men and women of Rockford, the bone and sinew of the city, the working masses, might go with their children to spend a quiet, pleasant and profitable evening, on the only real holiday they have during the week.

Live Stock World: The biggest migration of birds on record is the recent flight of \$50,000,000 in American eagles and double eagles from London to New York.

Collier's: When this war is over the world is going to be very poor.

Washington Star: Confidence in republican success next year is based largely on the belief that business big and little, is against the democracy, and will improve the opportunity to declare itself at the polls. The depression of the past two years has created a longing for a change.

Business did not elect Mr. Wilson. It was not in favor of his election. But it was powerless in the face of the republican division. As it could not heal that, it was obliged to accept the result at the polls, which brought in the minority party by a minority vote. The wrangling republican politicians, and not the business men, were responsible for what took place in November, 1912.

Since then business had had "a time of it." Hence the assertion that at the polls next year business of all kinds and degrees will register itself in favor of a change.

PRISONERS ESCAPE FROM GALENA JAIL

TWO MEN FILE LOCKS AND BARS
GAIN LIBERTY OVER THE
BASTILLE ROOF.

Galena, Ill., Sept. 14.—Robert Hamilton, who has been in the county jail since last spring, charged with entering the department store of Jones & Herman, Stockton, and James Conlition, alias Flannigan of Aurora, who has been in jail for theft of morphine and money from the office of Dr. E. M. Bench a short time ago, made one of the smoothest escapes from the Jo Daviess county jail Sunday at about 3:30 p. m. that has ever been made from a prison.

Nobody saw them go, even the other prisoners did not see them leave. The men were allowed in a sort of enclosed hallway adjoining their cells on the third floor and they cut a bolt about four inches wide and two inches thick, in two, then opened the door, went up stairs to a dormer window that was barred and locked with an extra heavy padlock, cut the band of the lock, climbed onto the fire escape and thence to the roof where it is supposed they lowered themselves to the ground by climbing down a big tree that was growing nearby.

WOMEN DOCTORS ARE IN GREAT DEMAND

MEN ARE ENEEDED AT FRONT—
CONSEQUENTLY WOMEN
GET PLACES

London, Sept. 30.—(Correspondence of the Associated Press.)—The demand for women doctors exceeds the supply, according to a statement by the London School of Medicine for Women. Even the posts of house physician and house surgeon in the hospitals, heretofore always held by men, are offered to women. This is particularly true of the provincial hospitals. Women are also taking the practices of men who have gone to the front. Boards of Guardians are so hard up for doctors that, casting aside their inherited prejudices, they offer positions to women at increased salary. Before the war, an infirmity doctor in the White-chapel district, who was always a man, received only \$500 a year and emoluments. Now the same post is advertised for a woman at \$1,000 and emoluments.

The women's medical school of London has trained 600 women doctors now in practice, and has 220 students on its rolls. The class entering the autumn term is larger by 60 applicants than ever before.

War Has Been Tonic To American Manufacturers

(Associated Press)

Washington, Sept. 14.—How every phase of American industry has been benefited by the world war was outlined in an official statement today by the Department of Commerce, forecasting the effect of the conflict on the industrial future of the country.

"The blow in the face received by American industries through conditions brought about by the European war has acted as a tonic, has forced the nation to create new branches and enlarge the scope of existing phases of manufacture, opened the way to utilize, on a vast scale, great national resources of the United States, and induced manufacturers and merchants to extend their markets into foreign fields with prospects of permanent results," says the statement.

"American ingenuity has been applied with success to the making of articles previously imported, and among those who have shown conspicuous ability in meeting the situation, an important place is given to Thomas A. Edison, 'America's scientific wizard,' who has had a great place in the enterprise and initiative required to build, at a moment's notice, some of the new American manufactures required by the emergency.

"A review of the chief industries ministering particularly to the temporary needs of the belligerents on the other side of the Atlantic shows that the final outcome will be a very material addition to the manufacturing plant of the United States. Part of this plant will be simply anticipatory of the normal growth of the country's mechanical equipment; part must be idle in time of peace, but it is a distinct asset in the national preparation for an adequate defense against attack; the remainder furnishes at once products needed in the healthy expansion of the chemical industry of

the country.

"Less conspicuous and spectacular, but of far greater permanent value, is the impulse given to the manufacture on American soil, with American raw materials, of a variety of articles for which we hitherto have been dependent upon foreign skill and enterprise. In a more or less uncomfortable way, we have suddenly been brought to recognize the unwisdom, the folly, of shipping vast amounts of the crude material of our farms, forests, and mines 3,000 miles across the ocean, and buying it back in a manufactured form, at a vastly enhanced price. We have likewise come to recognize the absurdity of allowing many natural products of the tropics, of South America, of the Far East, to find their way to Europe, and of paying foreign intelligence and skill to transform them into articles of daily need in our lives.

"American ingenuity, adaptation, inventive talent, scientific attainments and general enterprise have promptly rallied to meet widespread demands, and establish on our own soil the permanent manufacture of a number of wares, some of minor, others of major importance. The return of peace will see them well rooted and able to withstand foreign competition.

"The Bureau of Foreign and Domestic Commerce points to the course of events that followed the cutting off by war of the aniline imports from Germany and the supply of potash from the same source, with the result of tremendous impulse given to the expansion of domestic manufacture. It also calls attention to the fact that, side by side with the increased production of artificial colors, has come the realization by dyers of textiles that the possibilities of the natural dyestuffs have been sadly neglected during the past few decades.

MEN IN RANKS HAVE NO HATE FOR FOES

SOLDIERS RECOGNIZE THOSE PIT-
TED AGAINST THEM AS HON-
ORABLE ENEMY

LIFE IN PRISON CAMP OUTLINED

Mainz, Germany, (Correspondence of the Associated Press.)—A visit to the officers' prison camp in the wonderful old citadel here, and a talk with the English, French, Belgian, Russian—as well as German—officers, completely destroys the impression that personal antagonism and hate exist among the actual fighting men in the war.

The Mainz camp, which is one of the best war prisons of Germany, at present has a population of 555 officers, 60 of whom are British. The balance is almost equally divided between Russians and French and Belgians. Something over 100 common soldiers detailed as servants are quartered there in addition.

Both sides recognize in the other honorable opponents who have had individually nothing to do with either the causes or the conduct of the war, and whom the misfortunes of honorable conflict either have shunned or hit.

Until dark the men are allowed the liberty of the entire camp; after that they must retire to their rooms, but may keep lights burning until 11. At 7:45 in the morning they must be up and out. By a sort of self-government system two officers in each building are put in control or command each week, and upon these rests the responsibility of getting the men out promptly each day and of enforcing the rules regulating the life of the camp.

The men with whom an Associated Press correspondent had opportunity to speak recently agreed with out exception that the food was good and sufficient in quantity. Twice a day the men are allowed half a bottle of wine or of beer with their meals, and in addition are able to purchase almost any variety of eatables, things to drink and to wear, as well as luxuries, at the camp canteen.

Sport figures prominently in the life of the men at Mainz, and scarcely a week goes by without a football or cricket match, a tennis tournament or some similar event. The Englishmen, despite their numerical inferiority, are as usual, the leaders in all games and outdoor exercises.

Details of Tax Levy.

The various items of the annual tax levy of \$93,000 which was recommended by the finance committee, as announced in the Telegraph Tuesday evening, are:

For supplies, stationery and printing for the various offices	\$5200
For expense Lee county almshouse	8000
For expense taking care of poor of Lee county	8000
For aiding townships in building bridges	8000
For relief of blind of Lee county	2000
For expense juries, court reporters and foreign witness fees	8000
For fuel and light court house, jail and county home	2500
For repairs and furnishings county buildings	2000
For salaries county officers, bailiff's services and janitors	7800
For expense of holding elections	1000
For board of review and expenses	1000
For care of dependents under widows' pension act	2500
For road supervisor's salary	2000
For aid in building state roads	10500
For construction of new county home	20000
Total	\$93,000

The committees recommended that this sum be levied on all real, personal, railroad, telegraph and telephone property in the county as assessed for the year 1915 and that County Clerk F. G. Dimick be directed to extend a tax on the proper valuation at a rate that will obtain the above amount, not to exceed, however, 75 cents on each \$100 valuation.

U. S. HAS LARGE SUBMARINE

It's Called the M-1 and Is Equipped with Tubes and Deck Gun.

Quincy, Mass., Sept. 15.—Submarine M-1, built for the United States government by the Fore River Shipbuilding corporation, was launched here.

The submarine is 185 feet over all, with a maximum steaming radius of 5,000 miles and a surface speed of sixteen knots. She is equipped with four torpedo tubes and a deck gun.

HUGE CREDIT TO ALLIES ASSURED

\$1,000,000,000 Loan to Britain and France.

(Continued from Page 1)

French mission and the American financial interests will endeavor to stabilize foreign exchange has become known in the Wall street district. No one who was in a position to have definite information of the affair had heard that anything less than \$1,000,000,000 would suffice. The credit is to be established by the issuances of joint government bonds of England and France drawing 5 per cent interest, the bonds being a first lien on the two countries named.

Information was not so definite as to the maturity of the bonds and that will be one of the matters settled by discussion. From one source it was learned that some favor ten year bonds while others favor bonds which shall run from five to ten years, the former being the minimum and the bonds to mature serially.

To Be Repaid in U. S. Dollars.

One thing has been definitely agreed upon or agreed upon without discussion, and that is the bonds, principal and interest, are to be paid in American dollars free from the income taxes of both countries. The interest will be paid in New York city and the principal also as it becomes due. The bonds will be listed on the New York stock exchange and will be dealt in as other bonds are dealt in. That is one of the arguments used by those who favor the longer term for the bonds, it will afford more opportunity for trading.

The bonds are to reach the American public through the most powerful financial syndicate ever organized. This syndicate will consist, not of any single group of bankers, any single financial interest, but will be made up practically of every big banking institution in the United States. It was that principle which led men interested to declare that it was absurd to say that great banking firms like Kuhn, Loeb & Co. or the Speyers would not be asked to participate.

Germans Also Want Loan.

Supplementing the Anglo-French loan came the report in the street that great German interests realizing that nothing can prevent the present loan going through since it appeals directly to the farming interests of the country, are now advocating a similar loan for Germany. Inasmuch as Germany is not now importing directly or in any quantity, the plan is to make large purchases of cotton and other commodities which will keep and store them in this country until after the war. The movement, it was said, has begun in the west and has been presented to pro-German interests in this city. It has not yet assumed any tangible shape.

INDIANA DEFaulter IS SENT TO PRISON

Edward J. King, Banker, Pleads
Guilty to \$34,000 Theft.

Sullivan, Ind., Sept. 15.—Edward J. King, cashier of the Dugger State Bank, charged with embezzling \$34,000, pleaded guilty in the circuit court here and was sentenced to from two to fourteen years in state's prison. King also was fined \$100 and disfranchised for five years.

King was given until today to settle up his personal affairs.

King suddenly disappeared from Dugger last spring, going to Terre Haute in his automobile. From there he traveled to Pittsburgh, New York, Buffalo, Nashville and Louisville without being apprehended. He finally returned here and surrendered to the county authorities.

MISTAKE STAR FOR AIRSHIP

Jupiter Near Being Shot At By Gunners In Europe.

Paris—Jupiter, looming up especially brilliant in the eastern sky not long after sunset nowadays, has been frequently mistaken for the searchlight of an aeroplane flying over Paris. Gunners at the front have made the same mistake and prepared to train their aircraft weapons against it. The well known astronomer, Abbe Moreux, says he has received a great many letters from them asking about this great light in the east, brought to their notice for the first time by the war. Abbe Moreux infers from the mass of correspondence received that thousands of soldiers obliged to pass the night under the open sky, are acquiring an interest in the wonders and beauties of nature that otherwise they would have passed their lives without.

MILK PRICES TO BE DETERMINED BY TEST

PERCENTAGE OF BUTTER FAT TO
GOVERN BORDEN SCALE
OF PAYMENT.

The Borden Condensed Milk Co. announced to the dairymen of this vicinity today when they appeared to make contracts for the next six months that it would continue to grade its prices for milk according to the percentage of butter-fat, which has proven the most successful method of grading the prices for the lacteal fluid. It is held that this method of purchasing the milk gives each dairymen a fair compensation for just what he delivers to the factory, and incidentally it proves an incentive for all to better the quality of their product. As has been the custom during the past half year the prices for each month will be announced on the first of the month, the scale to be determined by the condition of the market. The price for October ranges from \$1.53 for milk testing 3 per cent butter fat, to \$1.89 for 4.2 per cent butter fat, the scale showing an increase of 3 cents for each point on the butter fat percentage.

CORRECTION.

It was erroneously stated in Monday's paper that David Shank, in company with others, had gone to Moore head, Minn., to complete a contracted job of work. It should have read "L. L. Shank," as David Shank is continuing his work in Dixon.

SPEED DEMONS AT STATE FAIR

Drivers Who Smashed Records
at Indianapolis and Chicago
to Be Seen.

GREAT PROGRAM PREPARED

J. Alec Sloan Makes Plans—Three Days
of Races Will Be Given on the Best
Circular Dirt Course in the United
States—Auto Versus Aeroplane.

The fastest automobile races ever
seen at the Illinois State Fair will be
given on the two opening days, Sept.
17 and 18, and on the last day, Sept. 25.

A program is being arranged by the
great automobile expert, J. Alec Sloan,
that is a world beater. He has not
announced the personnel of the drivers
as yet, but he has his pick of the stars
of the Indianapolis and Chicago speed-
ways. Some of the old favorites also
will be included in the program.

The race course at the Illinois State
Fair is considered the best circular
dirt course in the United States. It
has recently been resoled. It is full
regulation pattern, quarter turns and
quarter stretches, and is perfectly
tiled. Wonderful time was made on
the track by the speed kings who
were here last year, but the Indian-
apolis and Chicago races developed
startling possibilities of speed.

Try For World's Records.

Owing to the perfection of the track
the auto drivers always try to set
world records for circular course when
they drive at the State Fair. It affords
an excellent opportunity, and specta-
tors at the races this year will see
some wonderful racing. These races are
to be held under the rules of the In-
ternational Motor Contest association.

On the final day of the automobile
races there will be a race between the
winner of the races and an aeroplane.
This will be one of the most interest-
ing features of the fair.

The State Board of Agriculture is
making special efforts this year to
have all of the exhibits on the grounds
when the fair opens. Those who come
early to see the races will find the fair
ready for them. The exhibits will not
be removed until the close of the fair.

The opening day is early this year,
and the danger of bad weather is less-
ened, therefore. With a perfect track
and some of the best drivers in the
world, the races alone will be well
worth the trip to Springfield.

PIG CLUB AT FAIR.

Boys and Girls Will Exhibit at Big Ex-
position This Year.

In order to encourage boys and girls
of Illinois to take an interest in the
raising of high class pigs, provisions
have been made for an exhibit by the
boys and girls' pig clubs at the Illinois
State Fair, Sept. 17-25.

Boys and girls between the age of
ten and eighteen years are the con-
testants for the prizes, which are of-
fered by the State Board of Agriculture,
the Illinois Live Stock Breeders' as-
sociation and the various swine asso-
ciations. The breeds shown will be the
Berkshire, Chester-White, Duroc-Jer-
sey, Hampshire and Poland China. No
charge will be made for the pens, an
admission ticket will be furnished each
contestant on application to John S.
Culp, superintendent of swine, and the
Illinois Live Stock Breeders' association
will render transportation assistance
provided previous arrangements are
made through the state leader.

Five premiums of \$10 each are offered
in each class for litters of pigs un-
der six months, for boar pigs under six
months and for sow pigs under six
months, the State Board of Agriculture
paying half of the premiums and the
association paying the other half.

Other prizes are offered.
The boys and girls' pig clubs have
been organized all over the state, and
they are doing a great work in arous-
ing interest in pure bred pigs.

ONE ADMISSION FEE TO COVER NIGHT DISPLAYS.

Family Can Now Go to Fair in Morn-
ing and See "War of Nations"
After Dark.

The long day at the State Fair this
fall is going to be appreciated by every-
body alike. Unlike other years, the
gates will swing open in the morning
to a performance which will not end at
5 or 6 o'clock in the afternoon, but will
continue until 11 o'clock at night.

The reason for the long day lies in
the big fireworks displays at night be-
fore the grand stand.

The family will this year be able to
go out in the morning to the fair
grounds with a basket dinner and re-
main until after the night shows are
concluded, thus making a long day of
it and enjoying a double entertainment
for the one price of admission.

A BIG EXPOSITION AT HOME.

The far west has its fair this
year. So has the central west.
Try the latter. It's nearer home
and just as comprehensive in its
scope.

Will the readers of the Telegraph
be kind enough to look at the date on
the little yellow tag. It serves as a
receipt.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's
Vegetable Compound
Saved Her Life
and Sanity.

Shamrock, Mo.—"I feel it my duty
to tell the public the condition of my
health before using your medicine. I had
falling, inflammation and congestion,
female weakness, pains in both sides,
backaches and bearing down pains, was
short of memory, nervous, impatient,
passed sleepless nights, and had
neither strength nor

energy. There was always a fear and
dread in my mind. I had cold, nervous,
weak spells, hot flashes over my body.
I had a place in my right side that was
so sore that I could hardly bear the
weight of my clothes. I tried medicines
and doctors, but they did me little good,
and I never expected to get out again.
I got Lydia E. Pinkham's Vegetable
Compound and Blood Purifier, and I cer-
tainly would have been in grave or in an
asylum if your medicines had not saved
me. But now I can work all day, sleep
well at night, eat anything I want, have
no hot flashes or weak, nervous spells.
All pains, aches, fears and dreads are
gone, my house, children and husband
are no longer neglected, as I am almost
entirely free of the bad symptoms I had
before taking your remedies, and all is
pleasure and happiness in my home."—
Mrs. JOSIE HAM, R. F. D. 1, Box 22,
Shamrock, Missouri.

NEIGHBORING ACTIVITIES ARE RECORDED BY CORRESPONDENTS

STEWART

Seward, Sept. 14—Mr. and Mrs.
U. S. Shearer and Dr. and Mrs. G.
W. Kimball left last week for Can-
ada, where they expect to spend a
couple of weeks.

Mr. and Mrs. Alonzo Coon return-
ed home Thursday evening after a
few weeks' visit in Indiana.

Mrs. F. J. Beardsley entertained
the W. F. M. society Thursday after-
noon.

A number from here attended the
Sandwich fair last week.

G. A. Ruckman and daughter
Bess, returned home Friday evening
after an extended visit in West Vir-
ginia.

Mr. and Mrs. R. F. Yetter of Daven-
port, Ia., spent several days here last
week visiting relatives.

Mrs. Lacy Herrick and Miss Bertie
Ream did shopping in Rockford Mon-
day.

Mrs. Mary Miller is a visitor at the
C. F. Beitel home.

Dr. and Mrs. W. F. Aydelotte of
Dixon spent Sunday here at the
home of Mrs. L. A. Herrick.

A number from here went to the
Amboy fair today.

AMBOY

Amboy, Sept. 14 Rain and blus-
tery winds marred the festivities of
the first day of the fair. A heavy
rain set in about 3 o'clock and damp-
ened things up in general. Despite the
threatening weather, there was a
very good attendance, people com-
ing many miles with their children
to view the school exhibit, in which
there is a marked interest, display-
ed this year. This work, which is
shown in a special tent, is of such a
high grade, that Lee county may be
justly proud of its school system.

The horses which are booked for to-
morrow's races are exceptionally
fine, and will undoubtedly attract a
large crowd.
J. Wilford Corr of Juneau, Wis.,
is visiting at the C. A. Entorf home.
James Briggs of Mason City, Ia., is
here to attend the fair. Mr. Briggs
is proprietor of a grocery store in
that city.

Mr. and Mrs. John Holleran of Chi-
cago are guests at the Holleran
home on Plant street.

Mr. and Mrs. Dan Bermond arriv-
ed home from a two weeks' visit in
Rockford.

Mrs. Frank Hauze of LaPorte,
Ind., is expected here this evening to
spend the week at the home of her
brother, George Gunning of Mason
street.

Ralph Eddy of LaMoille spent Sun-
day at the home of his uncle, Will
Eddy of this city.

Miss Flossie Kirk of Minonk, Ill.,
is visiting friends here.

Mr. and Mrs. Leonard James who
were guests at the P. M. James home
on Jefferson avenue, left Monday for
Champaign, where Mr. James is in-
structor in the University.

Peter Carr of Denver, Colo., is
visiting old time friends in this city.

Miss Teresa McGee, R. N., is on
professional duty at the home of Mrs.
Margaret Downey of East Grove,
whose son is seriously ill with ty-
phoid fever.

Born to Mr. and Mrs. Thomas
Dwyer of Marion, an 11 pound girl,
Sept. 10.

Mrs. Frank Hupach, who has been
very ill for some time, does not
show any marked improvement.

Mr. and Mrs. William Fowler are
conducting a large dining tent, in

Green River park.

Robert Armstrong of Springfield,
Ill., who has been superintending
the erection of the tents at the fair
grounds, returned to his home Mon-
day.

Clifford Trimble of Princeton is
busy at the fair, handling the score
cards.

Mrs. D. L. Braman is entertaining
her mother, Mrs. Vaughn of Vauseau,
Wis.

Mr. and Mrs. Harry Hale of De-
catur are spending the week here.

Mrs. James Guckley of Maytown
was an Amboy shopper today.

Owing to the death of Rev. F.
Burns of Rockford, whose funeral
took place in that city today, the con-
firmation exercises could not be
held this forenoon as Bishop P. J.
Muldoon had charge of the funeral
services. The time has been chang-
ed 7:30 p. m. for the exercises, the
Bishop and assistant priests arriving
on the 5:37 train this evening. They
will be escorted to the parochial re-
sidence on Jones street, by a large
number of citizens, who will form an
auto procession from the depot. A
banquet will be served to the visiting
clergy at the rectory, at 6 p. m. after
which a class of 65 will receive
the sacrament confirmation at St.
Patrick's church.

SUBLETTE

Sublette, Sept. 14—The attend-
ance at the Parochial school this year
is the largest in its history, number-
ing together with ninth grade, 100
pupils. The spacious new school is
proving none too large.

A first year high school has been
inaugurated this year, and it is the
intention of the authorities to intro-
duce the sophomore year in Sept.
1916. The high school is affiliated
with North Dixon and follows there-
fore a course similar to it. Super-
visor Hanna of Springfield also has
the school under his supervision and
will inspect it some time this autumn.

WALTON

Walton, Sept. 14—A very interest-
ing as well as exciting ball game
was played at Walton Sunday by the
Harmon and Walton base ball teams.
The score was 15 to 13 in favor of
Walton. Harmon sacrificed her
championship to let Walton beat her.

Miss Mary Brechon of South Dixon
is spending the week at the J. J.
Morrissey home in Walton.

J. Edward Meehan of Elgin, Ill.,
spent the week end at C. F. Conley's
of Walton.

Miss Marie Morrissey, teacher at
the Palmer school, for the year, has
closed school for the week in order
that her scholars may have the op-
portunity to attend the Amboy fair.

A number of Walton people at-
tended the funeral of Mary Garland
of Harmon, Monday.

Mr. and Mrs. Thomas Dwyer are
the proud parents of a daughter born
Sept. 10.

J. J. Morrissey of Walton trans-
acted business in Dixon Monday.

Mr. and Mrs. E. H. Jones went
away in their auto Monday afternoon
and it was afterward learned that
they had business affairs to attend to
in Harmon.

The boast of the town at present
is the daughter born to Mr. and Mrs.
Lawrence Morrissey Sept. 12.

The dancing party given at St.
Mary's hall last week was quite a
success and all report an enjoyable
time.

comedy entitled "A Massive Movie
Mermaid," with George Welsh and
Jack Spies in the leading roles, an un-
usual comedy in which the leading
lady of a film company is the heroine.

"THE ONLY GIRL" AT THE GAR-
RICK, CHICAGO

At the Garrick theatre for a limited
engagement there will be disclosed
for the first time in Chicago a musi-
cal comedy entitled "The Only Girl,"
the newest work of Victor Herbert,
who composed the music, and Henry
Blossom, who wrote the story. From
every report this new musical com-
edy must be considered as one of the
greatest sensations known in music
for many years. Its engagement in
Chicago is the first played in any city
other than New York, where it was
produced in October last year at the
Lyric theatre, with success so pro-
nounced that it ran through the en-
tire year.

The story of "The Only Girl" con-
cerns a young bachelor, who taunts
his three pals, when they become
benefited, and vows to remain single.
His plans, however, are changed by a
charming girl, a young musician,
whose composition floats in from the
apartment above, and has so entranc-
ed him that he sends for her to col-
laborate with him in writing an oper-
etta, with the understanding that
they shall consider each other as
mere machines, not as a man and

woman.

Joe Weber, who is responsible for
the production of "The Only Girl,"
has provided an excellent cast which
includes Wilda Bennett, Grace Ed-
mond, Gene Lunska, Vivian Wessell,
Louise Kelley, Thurston Hall, John
Findlay, Ernest Torrence, Jed Prou-
y, Richard Bartlett and others of the
original New York cast.

PRINCESS THEATRE, CHICAGO.

Mr. Walker Whiteside in "The Rag-
ged Messenger"

Sharp contrasts between the frivo-
lous world of the smart set in Eng-
land's aristocracy and the turgid hu-
man streams that flow through Lon-
don's poverty stricken centers mark
the scenes which have been selected
from "The Ragged Messenger" for
the dramatic version of the novel to
be produced by Walker Whiteside at
the Princess theatre on Sunday, Sept.
5. In this play Mr. Whiteside will be
seen in the role of a street evangelist
who inherits a great fortune. Though
it brings him nothing but misery, he
spends it royally for the relief of the
poor whose misery he knows so well.
The brilliant comedy and gripping
emotional climaxes which flash
through the story made it the most
desirable literary prize that has fal-
len to the theatre for a long time. The
cast which has been assembled for
Mr. Whiteside's support should make
this production notable for it in-
cludes Stephen Wright, Palmer Col-
lins, Arda La Croix, Allan Thomas,
Lillian Cavanaugh, Maud Milton, Ma-
rie Potts, Josephine Morse and a num-
ber of other players of distinction.

A. F. & A. M. SPECIAL.

A special meeting of Friendship
lodge No. 7, A. F. & A. M., will be
held at Masonic hall tomorrow even-
ing at 7 o'clock. Work in the first de-
gree is announced.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating
meat for a while if your bladder
troubles you.

When you wake up with backache and
dull misery in the kidney region it gen-
erally means you have been eating too
much meat, says a well-known authority.
Meat forms uric acid which overworks
the kidneys in their effort to filter it
from the blood and they become sort of
paralyzed and laggard. When your kidneys
get sluggish and clog you must relieve
them, like you relieve your bowels; re-
moving all the body's urinous waste,
else you have backache, sick headache,
dizzy spells; your stomach sour, tongue
is coated, and when the weather is bad
you have rheumatic twinges. The urine
is cloudy, full of sediment, channels often
get sore, water scalds and you are obliged
to seek relief two or three times during
the night.

Either consult a good, reliable physi-
cian at once or get from your pharmacist
about four ounces of Jad Salts; take
a tablespoonful in a glass of water
before breakfast for a few days and your
kidneys will then act fine. This famous
salt is made from the acid of grapes
and lemon juice, combined with lithia,
and has been used for generations to
clean and stimulate sluggish kidneys,
also to neutralize acids in the urine so it
no longer irritates, thus ending bladder
weakness.

Jad Salts is a life saver for regular
meat eaters. It is inexpensive, cannot
injure and makes a delightful, efferves-
cent lithia-water drink.

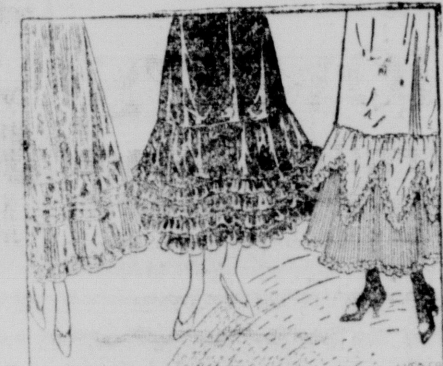

"FITRITE" Petticoats Have Excel-ing Style and====FIT!

THEY may be readjusted at the pleasure of the wearer from being fitted per-
fectly over a light-weight corset to hang smoothly and evenly over a heavy
one—all without strings that draw unevenly—no bunching at all.

Ask to Have the "FITRITE" ADJUSTMENT

No more binding elastic
No more visible strings
No more hooks and eyes
No more snaps and buckles

Just two simple tapes marked in inches which you
pull to the desired waist measure, tie, knot and

HESPERIAN SUNK BY MINE, BERLIN

Germany Says Submarines Were Not in Locality.

U. S. AMBASSADOR NOTIFIED

Ambassador Gerard Receives Communication Which Disclaims Responsibility for Destroying Liner. Note is Preliminary to More Facts When Gathered.

Berlin, Sept. 15.—(Via London).—The German government, in a note from the foreign office to Ambassador Gerard, delivered at noon, made a qualified disclaimer of responsibility for the sinking of the steamship Hesperian. On the face of the evidence thus far at hand the government is satisfied that the Hesperian was not sunk by a German submarine.

Note is Preliminary Only. The communication is a preliminary note which may be supplemented when all the facts in connection with the Hesperian incident are established definitely. The German government states that, on the basis of the information thus far obtained, the theory that the Hesperian was sunk by a German submarine apparently may be abandoned absolutely.

It is said that official records show no submarine should have been in the vicinity of the Hesperian at the time she was blown up. Furthermore, the point is made that the violence of the explosion and the place in which the steamship was struck, as set forth in the accounts of the disaster, indicate that it was due to a mine.

The report does not profess to be final, but is based on evidence so convincing to the government that it feels safe in asserting the Hesperian could not possibly have been attacked by a German submarine.

As Received in London. London, Sept. 15.—A semi-official statement issued in Berlin says it has virtually been established that the steamship Hesperian was not sunk by a German submarine.

The statement, forwarded from Amsterdam to Reuters' Telegram company, is as follows: "According to information in competent quarters, it appears from news at present available and from facts known in official quarters to be as good as excluded that a German submarine can be held responsible for sinking the Hesperian."

Distribution Not Favorable.

"1. In view of the distribution of submarine in accordance with war plans, no German submarine was in the sea district on Sept. 4 in which the Hesperian was sunk."

"2. According to descriptions received from English sources, the explosion was of such a kind that it must be inferred from its effects that it was caused by a mine rather than a torpedo. In support of this assumption is the fact that, according to accounts received, the ship was hit close to the stem and a few foremost compartments were filled with water."

FOIL FIRE PLOT ON LAPLAND

Police Find Bottles with Combustible Chemicals Aboard Ship.

New York, Sept. 15.—Two mysterious bottles, each containing a different liquid, were found in No. 2 hatch on the steamship Lapland, formerly of the Red Star line, but now operating under the White Star line, at her pier at the foot of West Twenty-second street. It is the theory of the police and Owen Egan, inspector of combustibles, that they probably contained acids which mixing when the bottles broke in the hatch would explode or start a fire on the ship at sea.

Crown Prince Reported Insane.

London, Sept. 15.—A sensational report coming from German sources and received here by way of Rotterdam says that the German crown prince is suffering from mental aberration as the result of the worries of the campaign.

Pays Income Tax on Outgo, Appeals. New York, Sept. 15.—Rather than pay an income tax on his wife's \$26,000 yearly alimony Howard Gould has appealed to the United States Supreme court for relief.

To Learn Scientific Road Dragging. Riverton, Ill., Sept. 15.—Farmers around here are starting clubs for the scientific study of road dragging. Several road-drag authorities have been engaged to address meetings of farmers and instructions have been received relative to the best method of constructing road drags for practical use.

Town Loses Munition Gravy. Springfield, Ill., Sept. 15.—This city lost a chance to get some of the war munitions business when Secretary Bender of the Association of Commerce was forced to reply to an inquiry that no firms here could make shells.

WITNESS AFTER WITNESS IN DIXON

SUCH EVIDENCE OUR READERS CANNOT DISPUTE

As we take up the Telegraph week by week, we are struck by the hearty unmistakable way in which witness after witness speaks out as Mrs. Fine does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Mrs. J. L. Fine, 1006 Peoria Ave., Dixon says: "I have suffered for years from kidney trouble. My back ached and pained so severely that I had to stay in bed. I had headaches and dizzy spells and specks appeared before my eyes. My wrists and ankles also swelled. I procured Doan's Kidney Pills at Leake Bros. Co's. Drug store and they helped me. They have never failed to give satisfactory results."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fine had. Foster-Milburn Co., Props., Buffalo, N. Y.

EX-BANDIT TAKES U. S. OATH

Cousin of Jesse James Accepts Am-
nesty Proclamation of 1865.

Kansas City, Mo., Sept. 15.—The
last of the James boys, William W.
James, who has fought on five conti-
nents, and who wears the cross of the
Legion of Honor and the Victoria
Cross, will this week take the oath of
allegiance to the United States. He
will go to Washington, stand before
the president and take advantage of
the amnesty proclamation of 1865.

James will take the oath because he
served throughout the civil war in the
Confederate army, and he never took
advantage of the opportunity offered
in 1865. He was an outlaw with his
relatives from the time he quit serv-
ing as courier for Quantrell, till 1869.
James is sixty-seven years old and is
working as a machinist in Fort Worth,
Tex.

U. S. YIELDS TO CARRANZA PLAN

Supreme Chief's Peace Parley
Proposal Accepted.

WILL CONFER AT WASHINGTON

Secretary Lansing's Suggestion
Against Holding Confab on Border
Agreed to—Representatives of Car-
ranza to Meet Diplomats—Recogni-
tion in Abeyance Until Envoys Re-
port.

Washington, Sept. 15.—The admin-
istration has decided to discuss the
international affairs of Mexico with
Carranza's representatives, as sug-
gested in his reply to the peace parley
proposals. Upon the outcome of that
conference will depend whether Car-
ranza and his government shall be
recognized as the best way of bring-
ing an end to the troubles of the Mex-
ican republic and restoring peace and
order.

Secretary Lansing states that the
Pan-American conference will meet in
New York this week. While the day
has not been given out officially, it is
known that Saturday will be desig-
nated.

Carranza's Envoys Known.

Carranza proposed that the confer-
ence be held, in some border city on
the Mexican side. Secretary Lansing
wants it held in Washington, and
representatives of the Carrancistas in
this city who have been sounded have
agreed to this modification. Arrange-
ments for the conference have gone
so far that it is known what men will
represent Carranza. They will be
Luis Cabrera, member of the present
cabinet; Roberto Pesquera, formerly
Carranza's agent here, and E. Arre-
dondo, present representative in
Washington of the constitutionalist
government.

Two Questions to Be Solved.

Formal announcement of the ac-
ceptance of Carranza's proposition
will be made at the session on Sat-
urday. While Mexico's international
relations will be discussed, it is pointed
out that, if Carranza can satisfy the
conference on that subject, at the
same time he will prove the stability
of the government he has established.

The international situation will be
discussed under two heads:

First—Is Carranza able to protect
foreign interests in Mexico, and
Secondly—Will his government, if
recognized, pay the claims of foreign-
ers for losses sustained to their prop-
erty and for foreign lives that have
been sacrificed?

If he can show his ability to do
this, it is admitted he also can sup-
press the factions that would oppose
him, as that would be necessary to
meet the two requirements named.

The question of recognition, how-
ever, is to remain in abeyance until
after the commission that confers
with Carranza's agents has reported to
Secretary Lansing and his asso-
ciates.

GERMANS KEEPING UP DRIVE TOWARD DVINSK

Petrograd Claims Teutons Have
Lost 465,000 Men.

London, Sept. 15.—General Von
Hindenburg's successful advance up-
on the Vilna-Petrograd railroad, cut-
ting the line between Vilna and
Dvinsk, has been followed by a con-
tinuation of the German drive on a
wide front between Dvinsk and the
Vilja river, with the capture of 5,200
prisoners. This official announcement
was received from Berlin.

In opposition to this drive against
Riga and the simultaneous retreat of
the Russians from the dangerous Nie-
man salient both Petrograd and Riga
advices indicate optimism that the
Russian successes in eastern Galicia,
on the southern end of the far-flung
battle line, will counteract the Teuton
offensive.

Petrograd announces an official es-
timate of the Austro-German losses in
the last two months at 465,000 men.
The czar's forces have captured more
than 70,000 men in the last three
weeks.
